

Thought I would create this in case anyone who used the rehearsal videos doesn't know how chapters work on a YouTube video. Feel free to distribute.

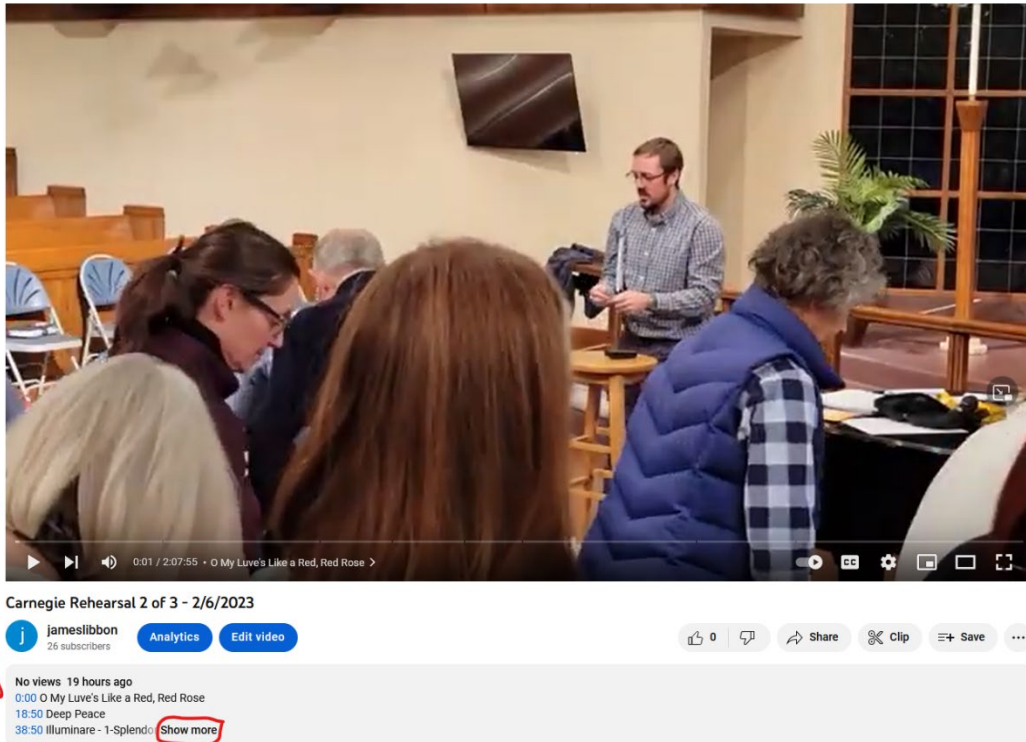

If you look on the video, you will see the play strip (blue circle) is segmented:

If you hover over one of the segments, it will display what the chapter is (yellow arrows) and if you click there, you'll go to that chapter

They can also be found and accessed by looking below the video in the description (red arrow). Sometimes there's more text than can be shown in the "brief" description, so you'll need to click on "show more" (red circle).

After clicking on "show more," it will list the chapters (Red bracket) and you can skip to that section by clicking on the time colored in blue. Also, the chapters are displayed as thumbnails below this (Green Arrow).

Carnegie Rehearsal 2 of 3 - 2/6/2023

These ways will take you to the beginning of the chapter. Hope this is helpful.

James
